

## **SPORTS PREMIUM:**

The government provides additional funding to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – is allocated to primary school Head Teachers. The money must be used to improve the provision of P.E. and school sport.

P.E. and school sport play a very important part in the life of Wingfield. We believe that P.E. and school sport contribute to the holistic development of our children and through participation, our children build and learn more about our key values such as respect, unity, co-operation and kindness for themselves and others. Through a range of different sports and physical activities, the young people at Wingfield also develop a greater understanding of our learning dispositions – inspirational, aspirational and independent – and how these can be implemented.

The government has announced that it is to continue with this funding for the foreseeable future.

For 2017-2018, we expect to be awarded approximately **£ 8,915.00**. We have carried forward £ 1,944.84 allowing us to commit **£ 10,859.84** to developing sports opportunities this year. We plan to do this as follows:

- **Continue club and community links with London Football Association, CAFC and Greenwich Cricket Club**
- **Provide quality assured professional development opportunities for teachers enabling quality teaching and learning for all children**
- **Enable increased participation in competitive sports through the organised Cluster events**
- **Provide a cycling proficiency training course for Year 5**
- **Provide scooter training for Year 2**
- **Fund new playground and hall equipment for both Key Stages 1 and 2**
- **Continue to increase the range of before, during and after school activities offered to pupils across the school**
- **Continue our partnership with Thomas Tallis Secondary School**

## **P.E AND SCHOOL SPORT OPPORTUNITIES:**
