

Wingfield Primary School

In partnership with the Compass Partnership of Schools

COVID-19 2020
Returning to universal provision
Full opening plan and school-based risk assessment

*"The truth is it's too easy to tell ourselves that it is too hard,
When facing the end, that it's too late to even make a start,
But if we take impossible to mean that we don't have a chance,
Then we have lost sight of how unlikely it is that we would get this far...
This world is full of impossible and that hasn't stopped us yet."*

Appendix 1: School re-opening timetable	36
Appendix 2: Protocol for home learning	39

Context

The Government have announced plans for all children, in all year groups, to return to school full-time from the beginning of the autumn term.

Schools must comply with health and safety law, which requires them to assess risks and put in place proportionate control measures. The control measures have been adapted from the system of protective measures which were introduced during the summer term. These control measures include:

- A requirement that people who are ill stay at home.
- Robust hand and respiratory hygiene.
- Enhanced cleaning arrangements.
- Active engagement with NHS Test and Trace.
- Formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable.

How contacts are reduced will depend on a school's circumstances and will (as much as possible) include:

- Grouping children together.
- Avoiding contact between groups,
- Arranging classrooms with forward facing desks.
- Staff maintaining distance from pupils and other staff as much as possible.

The guidance is found at: <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

We will open our school to all children, in all year groups, full time from the beginning of the autumn term operating year group sized 'bubbles' with a staggered start and end to the school day within the parameters set by the government guidance. We will offer extended provision before and after school. The three principles upon which we are making all decisions are as follows:

- Safety first.
- Fairness and equity.
- Quality learning for all children.

In completing a thorough plan for a full return and a comprehensive school based risk assessment we will aim to demonstrate how we achieve the **best possible safety** that we can in the context that we find ourselves and in the parameters set by government guidelines. By attending to the environment, practices and attitudes we develop in our school, we will recognise risk and seek to implement the procedures necessary to **minimise risk whilst recognising we cannot eliminate risk.**

Summary of position

We will open our school to all children, in all year groups, full time from the beginning of the autumn term operating year group sized 'bubbles' with a staggered start and end to the school day within the parameters set by the government guidance. We will offer extended provision before and after school.

Plan

Name of school:	Wingfield Primary School
Approximate no. of children eligible for return in each year group:	Nursery: 52 (26 full time and 26 part time) Reception: 90 Year 1: 90 Year 2: 60 Year 3: 60 Year 4: 60 Year 5: 60 Year 6: 50 Total: 522
How many classes in each year group do you plan to open on 3 rd September?	Nursery: 2 Reception: 3 Year 1: 3 Year 2: 2 Year 3: 2 Year 4: 2 Year 5: 2 Year 6: 2 Total: 18
How many staff will be on site?	60 not including EHT, catering staff or cleaning staff.
Are you confident that staffing capacity will enable this including back up if staff members need to isolate or become ill? What staffing ratios will you maintain for safety purposes?	If low numbers of staff are unable to work due to sickness then we would be able to use permanent staff to cover absences. However, if a moderate to high number of staff are unable to work due to sickness then we would have to use temporary staff to cover absences. The decision to use temporary staff would be based on the availability of temporary staff for medium to long term contracts. We will maintain normal staff ratios e.g. 1:15 in Reception, 1:30 in Year 1, etc.
What are your plans for drop off and collection? Include details of how siblings will be collected.	Please see appendix 1. Staggered start and end times coupled with designated drop off and collection points will be used. Younger siblings will follow the timetable set out for older siblings. The guidance for drop off and collection will be as follows: <ul style="list-style-type: none"> • At the start of the day children will be met at the designated classroom door/entrance by their teacher. • At the end of the day children will be collected on the playground by their parents/carers.

	<ul style="list-style-type: none"> • Parents/carers are not permitted to enter the school buildings. • Entrance doors are held open, reducing the number of occupants touching the doors (only in accordance with safeguarding and fire regulations). • Hand-wash stations are located at the entrance to the school (classroom or other). All occupants are required to wash their hands (soap/water or hand sanitiser) on entry to the school. • Good hand washing signage to instruct children how to do this effectively is displayed. • Help is available for children who require support in cleaning their hands. • Hand washing demonstrations have been provided to children on how to adequately wash their hands. <p>For further guidance see risk assessment.</p>
What are the timings for the school day for each group?	Please see appendix 1. On Friday the school day will finish at 1:30 p.m. to fulfil the PPA entitlement for teachers. This will reduce the number of staff moving between year group 'bubbles'. NQTs on the rota will get additional release time during the week.
How do you plan to limit movement and cross contamination between groups?	Please see appendix 1. Every year group 'bubble' will have consistent adults and the use of a consistent classroom. Play time and lunch time will be staggered. Equipment will be allocated to every year group 'bubble' including play equipment and where applicable equipment for outside areas. Guidance for the cleaning of equipment will be shared with all staff. Further, year group 'bubbles' will be instructed to use the shortest possible routes when moving around the school (inside and outside). Fire evacuation procedures will be revised to maintain the integrity of the year group 'bubbles'. 20 additional walkie talkies have been purchased to minimise the need for messages to be physically delivered within school.
What are your plans for lunch time?	Please see above and appendix 1. Every child will bring a labelled water bottle to school. Every class will have a first aid kit (all teaching staff have completed first aid training) and all water fountains (inside and outside) will be turned off.
What arrangements do you have for covering staff breaks?	Staff breaks will be staggered throughout the day. This will allow social distancing for staff to be adhered to in the staff room and other available spaces in the school, for example the PPA room.
How will you partition the playground to enable groups to avoid opportunities of groups to mix?	The playground will be demarcated using cones/tape to set out play areas for year group 'bubbles'.
What are your arrangements for first aid?	Every class will have a first aid kit and all teaching staff have completed first aid training (October 2019). Emergency quarantine will be in the meeting

	room/disabled toilet. Existing procedures for recording accidents, administration of medicine, etc. will continue.
What if any changes to the environment will need to be made?	<p>In addition to the controls set out above and in appendix 1, initially the following guidance will be shared with staff:</p> <ul style="list-style-type: none"> • Limit resources to year group bubbles e.g. PE equipment, etc. • Space chairs and desks out. <p>This guidance will be regularly reviewed and updated. Every class will have a cleaning kit which can be used to clean equipment if necessary.</p>
What other practical arrangements have you considered e.g. access to resources, access to water, etc.?	<p>In addition to the controls set out above and in appendix 1 the following controls will be adhered to. Every year group bubble will be allocated:</p> <ul style="list-style-type: none"> • A fixed set of iPads. • Separate hand washing equipment including disposable paper towels and a bin with a lid. • Disposable cups for drinking water.
What systems will you have in place to enable parental communication that may normally happen at drop off and pick up?	Existing systems which include telephone, email, Showbie and Tapestry. In exceptional circumstances a socially distanced meeting can be organised, however this would be actively discouraged.
How do you plan to ensure social distancing amongst staff?	<p>An INSET day on 2nd September to share updated guidance and procedures supported by signage in school. Key guidance will be focused on the following controls:</p> <ul style="list-style-type: none"> • Avoiding contact with anyone with symptoms e.g. use of PPE. • Frequent hand cleaning and good respiratory hygiene practices e.g. use of signage in school. • Regular cleaning of settings e.g. class cleaning kits. • Minimising contact and mixing e.g. protocol for use of equipment in the staff room.
How will you induct staff in using PPE and cleaning products as required?	An INSET day on 2 nd September to share updated guidance and procedures supported by signage in school. Please note all PPE is stored in the hygiene room.
What arrangements do you have if a child or member of staff become symptomatic during the school day?	An INSET day on 2 nd September to share updated guidance and procedures, including for use of PPE and emergency quarantine in the meeting room/disabled toilet in main reception area. School office will be alerted immediately using walkie talkies so that support from 111 (or 999 in an emergency) can be obtained. Parents/carers will be alerted immediately.
Any additional school arrangements:	In addition to the controls set out above and in appendix 1 the following additional arrangements will be made:

	<ul style="list-style-type: none"> • All timetabling to maintain the integrity of the year group 'bubbles' if practicable. • The school will be deep cleaned during the half term holiday. • Where possible all doors to be left open. • Toilets to be cleaned twice per day. • Touch points to be cleaned twice per day. • At the end of the day teaching staff to clean classroom equipment and spaces e.g. door handles, etc. • Children will not be allowed to bring their own equipment or reading books into school.
How will you communicate plans to staff and consult on their effectiveness?	An INSET day on 2 nd September to share guidance and procedures. Followed by weekly review of guidance and procedures at SLT meeting which will include Office and Finance Leader and Premises Manager. There exists an open culture at our school with transparent and robust methods of communication e.g. phase teams, etc.
What plans are in place for staff to communicate concerns?	Please see above. In addition the maintenance of the existing leadership structure, professional development meetings, SLT and staff briefings, phase team meetings, etc.
How will you work with site managers and cleaners to ensure cleaning routines are robust? How will leaders monitor this?	In addition to regular premises checks, cleaning of premises to be monitored on a daily basis with the premises manager reporting any issues to the headteacher. The stock of cleaning equipment will be monitored on a daily basis with the premises assistant advising the school office team of stock which needs to be re-ordered.
How do you plan to share the school based risk assessment with staff and ensure they understand and adhere to the control measures?	An INSET day on 2 nd September to share guidance and procedures with staff signing to confirm shared and understood. Guidance and procedures to be revisited on a weekly basis e.g. professional development meetings, SLT and staff briefings, phase team meetings, etc.

Risk assessment

The Government have announced plans for all children, in all year groups, to return to school full-time from the beginning of the autumn term.

Schools must comply with health and safety law, which requires them to assess risks and put in place proportionate control measures. The control measures have been adapted from the system of protective measures which were introduced during the summer term. These control measures include:

- A requirement that people who are ill stay at home.
- Robust hand and respiratory hygiene.
- Enhanced cleaning arrangements.
- Active engagement with NHS Test and Trace.
- Formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable.

How contacts are reduced will depend on a school's circumstances and will (as much as possible) include:

- Grouping children together.
- Avoiding contact between groups,
- Arranging classrooms with forward facing desks.
- Staff maintaining distance from pupils and other staff as much as possible.

The guidance is found at: <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

The risk assessment template below sets out the known hazards and importantly controls that have been advised either by the Government/DfE, the World Health Organisation (WHO), Public Health England (PHE), NHS (safe practice) or good practice (unions/other sources). There are some specific issues that are addressed in the risk assessment but for clarity please read the following Government advice to schools:

Personal Protective Equipment (PPE) including face covering and face masks:

- Wearing a face covering or facemask in schools or other education settings is not recommended.
- Face coverings may be beneficial for short periods indoors where there is a risk of close social contact with people you do not usually meet and where social distancing and other measures cannot be maintained, for example on public transport or in some shops. This does not apply to schools or other education settings.

- Schools and other education or childcare settings should therefore not require staff, children and learners to wear face coverings.
- Face coverings (or any form of medical mask where instructed to be used for specific clinical reasons) should not be worn in any circumstance by those who may not be able to handle them as directed (for example, young children, or those with special educational needs or disabilities) as it may inadvertently increase the risk of transmission.
- The majority of staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others.

PPE is only needed in a very small number of cases including:

- Children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way.
- If a child, young person or other learner becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A facemask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child or young person is necessary, then gloves, an apron and a facemask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn.

Where PPE is required, the following is a general checklist for PPE management:

- Communicate suitable information to pupils, parents, and carers on what to expect in relation to staff wearing additional PPE.
- Ensure training is provided to the relevant staff on how to correctly put on and wear items of PPE, when it should be replaced throughout the day and how it should be disposed of (videos and guidance is available and noted on the assessment template below).
- Ensure that where a need for disposable half facemasks that provide a higher level of protection (e.g. disposable FFP3 masks and reusable half masks) is identified. Face fit testing is provided by a competent person (and how this will be applied to staff who have facial hair).
- Identify staff that have relevant pre-existing medical conditions which may restrict or prevent some workers wearing certain types of PPE and clarify how this will be managed (e.g.: asthma or skin allergies).
- Ensure a maintained stock of all identified items of PPE, including a contingency surplus, is available to ensure that the identified additional controls can be sustained throughout the phased return period and into full occupation of each school building until such a time that control measures can be reviewed and reduced accordingly.

School Name: Wingfield Primary School	Risk Assessment Date: 10.07.20	Assessed by: Yasmin Melehi Ross Silcock Jane Gildea	Approved by Local Governing Body: Royal Borough Greenwich
Details of workplace/activity:	Pupils and employees partaking in school activities within the school premises, including general classroom activities, dining, break-times, playgrounds, pick-up and drop off (where applicable), First aid and external visitors to the school.	Persons affected:	Pupils, staff, contractors and visitors

	<p>hours (72 hours for plastics) between use by different bubbles.</p> <p>Wherever possible, children use the same classroom or area of a setting throughout the day, with a thorough cleaning of the rooms before the start of the next school day.</p> <p>Consider seating pupils at the same desk each day if they attend on consecutive days.</p> <p>Rooms are accessed directly from outside where possible.</p>				
Timetable	<p>Fulfil the requirements of the National Curriculum for all children whether in school or at home.</p> <p>All school trips and offsite visits cancelled for the first half term and will then be reviewed.</p> <p>Consider which lessons or classroom activities could take place outdoors.</p> <p>Use the timetable and selection of classroom or other learning environment to reduce movement around the school or building.</p> <p>Assemblies are delivered virtually in classrooms and provided to pupils learning at home.</p> <p>Break times (including lunch) are staggered, so that all children are not moving around the school at the same time.</p> <p>The timetable has been prepared in order to supplement remote education with some face to face support for pupils. This</p>	<p>If needed senior leaders to support the curriculum offer:</p> <p>Kate Purbrick/EYFS Danny Holliday/Year 1 Sophie Powell/Year 2 Sarah Martin/Year 3 Yasmin Melehi/Year 4 Ross Silcock/Year 5 Hazel Brown/Year 6</p>	Senior Leaders SR and WF	01.06.20	

What are the hazards?	Controls in Place	Additional control measures	Action by who?	Action by when?	Date action completed
	includes deciding which lessons or activities can be delivered to reduce movement around the school. Management of teacher workload through joint planning across year groups if needed.				
Curriculum and transition	The need for remedial work and "catch up" with the social/emotional needs of the children and young people has been balanced. Addressing gaps in learning in a structured and appropriately paced way to maximise impact of teaching without overwhelming the pupils. Maximising impact of additional adults matched to those identified pupils who need the support most. Managing transition (at all stages) to best support the next stage of learning. Supporting the handover of critical information to best support transition (e.g.: Reception/Year 1, SEND, etc.).	Staff to email learning mentor if concerned about children's emotional well-being.	Shelley Mace	01.06.20	
Shared space and movement around schools	Use of halls, dining areas and internal and external sports facilities for lunch and exercise at year group capacity. Assemblies recorded for those undertaking home learning. If class groups take staggered breaks between lessons, these areas can be shared as long as different groups do not mix and do not play sports or games together. Adequate cleaning between groups is in place, following the COVID-19:	See appendix 1.	Ross Silcock Yasmin Melehi Nicholas Doyle Liam Betts	01.06.20

Appendix 2

Protocol for home learning in the event of school closure

September 2020

In the event of extended school closure, Wingfield Primary School is working to ensure that we provide access to meaningful learning for all our children.

Rationale

Children need to have the opportunity to continue their education at home and as such we have provided guidelines of how children can engage meaningfully in their education if this is necessary due to self-isolation or in the event of school closure.

These resources are intended to support parents/carers with their children's learning at home, and parents/carers are best placed to consider whether and how they use them.

The resources will cover:

- Practice of key fluency skills on a daily basis such as: spellings (high frequency words), reading, times-tables and phonics for younger children.
- A daily English, maths and foundation lesson (including science) set by teachers on Showbie (Years 1 – 6) and Tapestry (Nursery and Reception).
- For children that do not have regular access to the internet or a device, an iPad will be loaned or paper learning will be provided.
- All children will be provided with an exercise book and a pencil.

Teachers will therefore:

- Plan an online English, maths and foundation lesson (including science) per day, making resources interactive wherever possible e.g. BBC Bitesize, Oak National Academy, etc. (see additional resources link below).
- Organise the folders of learning in a consistent manner across the school.
- Provide feedback on all learning that is completed within that current week.
- Communicate with children via the class discussion on Showbie/Tapestry between the hours 9:00 – 16:00 Monday – Friday.
- Call parents/carers of children that are not accessing online learning to discuss reasons and offer support/paper learning. Please see risk assessment for using a personal telephone to make a call to parents/carers.

Other aspects to consider:

- Teachers should not be emailed directly by parents/carers.
- When children are accessing learning at home consideration needs to be given to the amount of screen time this will require. Please consider this when planning your activities/lessons for the children.
- Parents/carers to notify schools if they need paper packs (these will be more limited).
- For additional resources, including for children with SEND, please use the following link: <http://www.wingfield.greenwich.sch.uk/node/43>

Ross Silcock
Headteacher
